

## Junior Class:

The Junior class is learning more about notation of squaring and cubing with the Montessori long chains, squares, and cubes. The Junior class enjoys assisting the teachers with feeding our chickens and are excited when our chickens lay eggs. Friendly reminder, please continue to send a water bottle daily with your student, so we stay hydrated. Thank you.

## Upstairs Class:

We are having a wonderful Fall. Everyone is busy learning new skills and older children are happily helping younger ones with challenging work. Many kiddos are working on natural science, making booklets, and spelling words with moveable alphabet as well as geography puzzle maps and flags, and addition with Golden bead (decimal) material. We have learned the diatonic scale of C on our bells and glockenspiel and enjoyed various art projects. Some of our children need jackets and spare clothes. Please make sure to return bags to school and dress your child warmly for outside play.

## Outside Class:

Our November Snack Calendar should be ready and available to see taped on the outside of our front door and will be in your child's work folder. Some kids are seemingly in a sensitive growth period in writing. The term explosion into writing is coined by this natural process. Please send your child's mask daily with their name on it and extras for their supply bags.

## Transitional Toddler Class:

The next couple of months will be busy with Thanksgiving and Christmas! Please make sure your child has weather appropriate clothes in their spare bag and a jacket for morning recess. We are working on taking turns, using our words when we need help, and using gentle hands. Please help us reinforce this at home. If your child is whining or throwing a fit for something, ask them to use their words and tell you what they need. We continue to work on walking in the classroom and cleaning up when they after eating or doing an activity. We also have a new student - Eva is moving up from Ms. Hayley's class.

## Toddler Class:

We would like to welcome Aliza to our class! The children have been busy with lessons in the classroom and art. We have been talking about all things fall including pumpkins and the leaves falling from the trees. We have started counting to five in English and Spanish.

## Infant Class:

We welcomed Selah last week and are happy to have her join our class. The older ones have been continuing their work on mastering standing, walking, crawling and hand to mouth coordination when eating. The little ones have been working on tummy time by practicing rolling over, scooting, and practicing hand eye coordination by learning how to reach for things in front of them to help work on those hand muscles. If you have received supply slips and have not brought in those supplies, please bring those in. Please remember to dress your children weather appropriate outfits.
